

Preferred Fleet. Pay your local price anywhere across North America.

Pay the same price at home or on the road.

Once you establish your tire and service price with your local Preferred Fleet dealer, the same price you receive at home will be honored across the Preferred Fleet network. It doesn't matter if you need formal service during the day or emergency service in the middle of the night, your tire and service pricing remains the same. While it may be difficult to predict when you may need tire services, you can feel confident that you have predictable pricing.

Specify products that work for you.

Select from national tire brands, including Goodyear®, Dunlop® and Kelly® tires, and Goodyear retreads. These brands feature a broad portfolio of tire designs and tread patterns that perform in specific driving applications. Featuring technologies like Fuel Max® that can improve fuel efficiency up to 4%* and DuraSeal™ that helps provide puncture resistance** to reduce downtime and repairs, Goodyear tires and retreads help provide long mileage and reduced operating cost.

You decide which dealers service your business.

Different dealers provide different services, and not all dealers provide the same level of service. Your experience tells you that. With Preferred Fleet, you control the Preferred Servicing Dealer list for your program so that you can feel confident you will receive the services you want,

the way you want them. The process is simple, and you can update or change the list at any time.

Preferred Fleet is everywhere you need it.

With more than 2,000 service locations, Preferred Fleet is available throughout the US and Canada. Your documented program is communicated to the servicing location so you receive the products and services that meet your specific program requirements. You can feel confident that no matter where you are, Preferred Fleet will consistently provide the services you need.

There is no need to carry cash.

Your credit is good throughout the Preferred Fleet network. No matter where you receive service, all charges will be consolidated and invoiced from your hometown dealer. It's just simpler that way.

Access valuable support any time with the help of our dedicated feetHQSM Solution Center team.

The fleetHQ Solution Center is available to support your fleet 365 days a year. Staffed by tire professionals who are trained by Goodyear, the Solution Center helps to keep your trucks up and running. Access 24-hour customer support by phone at 1-866-fleetHQ (1-866-353-3847) or online at www.feetHQ.com.
