## G278 MSD<sup>®</sup>. Tough Super Single Tire For Severe Service Conditions.

The G278 MSD features proven technologies that help this super single drive tire deliver on-highway performance and off-highway ruggedness. This versatile tire works hard on many vehicles and applications, including dump trucks, cement trucks, construction, mining, logging and oil fields. The G278 MSD is a top choice for hauling heavy loads down the road and beyond.

PRODUCTS • SERVICE • INFORMATION

## On-Road Traction

- **Deep 30/32" tread depth** helps put more wearable rubber on the road for long original tread life
- **Criss-cross tread design** helps pump water away to help maintain enhanced contact with the road
- **Deep, wide circumferential grooves with more than 500 biting edges** help provide all-season traction on wet, snowy and dry roads
- **Open lug design** helps provide traction in wet and snowy conditions

## Off-Road Toughness

- **Severe service tread compound** helps resist cuts, chips and tears and offers enhanced mileage
- **Rugged tread blocks** help provide excellent off-road traction
- **High-tensile steel radial casing and strong steel-belt package** helps to enhance toughness and mixed-service performance
- **Optimized groove angles** help provide resistance to stone retention and stone drilling
